

# Katandra West & District Community Planning Group

## Action Plan 2023-24

### Infrastructure and services for Liveability

We want Katandra West to have the facilities and services to make it an attractive place to live.

#### Priority Actions

- Improve mobile and internet coverage throughout the district
- Provide accessible, high quality public toilets for residents and visitors
- Connect Katandra West township to sewerage system to unlock growth and development opportunities
- Improve play equipment for children and young people
- Provide improved BBQ facilities to encourage better usage and opportunities for events.
- Improve storm water drainage to reduce flooding and encourage uptake of vacant land
- Explore options to provide transport solutions for residents to regional centres
- Provide a space for the Katandra & District History Group to meet and exhibit their collection
- Retain early years services within the township including Maternal Child Health and regular Early Childhood Education

### Walkability & Accessibility

We want everyone to be able to walk or cycle safely wherever they need to go.

#### Priority Actions

- Develop the footpath network to connect Katandra West's community to services and facilities.
- Improve street lighting and signage for greater safety
- Maintain roadsides for increased visibility and traffic safety
- Improve safety of town entrances
- Improve safety and parking access at the corner of Bankin St and King St

### Beautification & Natural Environment

We want Katandra West to have attractive open spaces that enhance and celebrate the natural environment.

#### Priority Actions

- Beautify the Historic Hall area
- Develop attractive parks and open spaces
- Beautify town entry corridors with native vegetation
- Manage and improve the town's Festive Decorations
