Berry Street

MISSION:

Founded in 1877, Berry Street exists to help those experiencing poverty, violence, and abuse, and to help families stay together in safe and healthy homes so they can create the future they imagine for themselves. This is what we mean by 'believing in children, young people, families and their future'.

FOSTER CARER VOLUNTEER OPPORTUNITIES:

Our community is in urgent need of loving and supportive foster carers for local children and young people who are unable to live with their families.

- The number of children in out-of-home care continues to rise year-on-year. There were 12,809 children in out-of-home care in the state as of June 30, 2021, an almost 14 per cent increase from 11,271 in 2018.
- As of June 2023, the number of foster care enquiries from across the sector reached its lowest point in the last 20 years.

WHO CAN BE A BERRY STREET FOSTER CARER?

There is no 'typical' Berry Street foster carer. Just as every family is different, our foster carers come from diverse backgrounds, cultures and experiences. Our foster carers:

- are a minimum of 21 years of age
- have a spare bedroom to offer a child or young person
- can be single, married or in a de facto relationship
- can be from LGBTIQ+ communities
- can come from any religion, spirituality or nationality
- may or may not have children of their own
- can be in casual, part-time or full-time work – or perhaps not at all
- live in a home they rent or own

CO.AS.IT-Social Support Individual Visits & Community Visitors Scheme

WHY WE EXIST

The CO.AS.IT Visitation Program provides social support to Italian older adults who find themselves socially isolated and lonely at home or in an aged care facility. Commencing in 2023, the program will be available to all nationalities.

WHAT WE DO

The program considers the interests and needs of the consumer and matches them with a community visitor who has similar interests. Visits occur on a weekly basis in a private home and at least fortnightly in an aged care facility.

Community Visitors undergo formal induction training and participate in on-going support meetings throughout their volunteering years of service. Every visitor has a current Police Check Clearance and is provided with current guidelines about the program.

The service is monitored by the Visitation Program Coordinator together with a team of Regional Coordinators across the Melbourne Metropolitan area and the rural region of Shepparton. The consumer, the community visitor and the Regional Coordinator are in direct and regular contact in order to maintain quality of service.

VOLUNTEER PURPOSE

Community Visitors experience the satisfaction of providing comfort and social support to those in need. They are rewarded in the knowledge that they are making someone else's life a little happier. Saint Francis of Assisi once said: "For it is in giving that we receive".

Volunteers give testimony to the truth of this saying. They also benefit from the camaraderie of this program. They meet other generous people like themselves that give a little of their time for the wellbeing of others. CO.AS.IT. values and appreciates this generosity in a variety of ways.

Consumers maintain connections with the wider community. They gain mental stimulation to break the burden of loneliness and isolation as well as obtaining an increased sense of belonging and self-worth.

ROLES & PROGRAMS VOLUNTEERS MAY UNDERTAKE OR BE INVOLVED WITH

Volunteers support clients to achieve their individual goals, this may be in the home to provide social support whilst living independently or in a community group setting, for example an aged care facility.

Activities may include:

- General conversation to prevent the feeling of loneliness and isolation
- Playing cards or a game which may be unavailable to the consumer when living alone
- Share in other activities such as cooking, gardening, playing or listening to music etc
- Provide a short respite for carers who wish to take a little break through the day

The Cubby Toy Library

The Cubby Toy Library (Shepparton) is a valuable not for profit community organisation that has been servicing families in Shepparton and surrounding areas for more than 30 years. It was opened in 1982 by a small group of parents in Shepparton who wanted to provide families with the opportunity to borrow toys rather than buy them.

Today, 'The Cubby' provides families with young children, community groups and organisations that work with children an array of over 1,000 quality toys, games, activities and equipment for a minimal annual fee. The Cubby is a community based, not for profit organisation, which is managed solely by its members and volunteers and is a branch of Toy Libraries Australia.

AIMS

- To lend a wide range of quality toys to families and organisations for minimal cost
- To provide a sustainable method for borrowing, using, returning and reusing toys
- To minimise costs for businesses that need toys to educate and entertain children

VOLUNTEER OPPORTUNITIES

Our initiative is inclusive of all ages and abilities and offers members and volunteers of the Greater Shepparton community opportunities to gain practical experience and training as a toy librarian for free. Experienced members train the newcomers to become proficient in their roles and understand the processes. Main tasks include opening the building and welcoming members, managing the toy inventory, processing payments, assisting new members, and performing basic computer operations. They can also become committee members if they choose.

One of the primary challenges we face is ensuring a consistent group of reliable volunteers. Hence, we would like to extend an invitation to you to become a valuable volunteer at the Cubby Toy Library in Shepparton.

FamilyCare

VISION

FamilyCare is a non-government, not-for-profit organisation, offering welfare, carer and disability support services to families and young people in Shepparton, Seymour, Cobram, Kinglake, Wallan and surrounding districts, and have been providing these services to people in the Goulburn Valley since 1984.

FamilyCare works with individuals, families and communities to increase wellbeing, build strengths and encourage optimism. Our vision is strong families and communities. FamilyCare relies heavily on volunteers to support these programs and services.

VOLUNTEER OPPORTUNITIES

Child and Family Services provide relevant support and services to families. The various programs and activities that are offered under this umbrella are designed to enhance parent to child, partner-to-partner and sibling to sibling interactions. Volunteers work alongside staff to assist in providing group support activities for families.

Carer Support Services aims to support carers through the provision of short-term respite, information and support. Carers support is looking for volunteers to support carers by spending time with the person that they care for. This enables the carer to have a short break away from their caring responsibilities, while the volunteer provides companionship and support to the care recipient.

Disability Support Services operates the IntoRec Program to support children and young people with a disability by providing recreational opportunities and specialised support options. Young Peer Support volunteers work alongside the children and young people to support them to access and participate in the activities.

The Book Inn is a second hand book store located at 94 Wyndham Street Shepparton and is managed by dedicated Volunteers. The shop has a large variety of books catering for all ages. Book Inn volunteers work in the shop as part of the team that sells the books that have been generously donated. For anyone with an interest in books or literature this is an ideal place to volunteer.

Other opportunities

We also have many other opportunities available for volunteers, depending on the volunteer's expertise. Please make contact with us and we can discuss other opportunities that may be available within our organisation.
